(Note: Essays and breadth requirements)

You may take senior courses only if you have completed all first year requirements or you are completing them concurrently.

For a Bachelor Degree (Four-Year), a Specialization **or** a Major is essential. The Major Module is normally 6.0 - 7.0 senior courses specified by the department. For admission to the Major Module, you must complete the first year principal course(s) specified by the department with at least 60%. You must have a cumulative average of 60% in the Major. If you decide to complete a fourth year, the Major may be used in a Bachelor Degree (Four-Year) or with another Major in an Honors Bachelor Degree (Four-Year). See the relevant checklists for details and grade requirements.
